Subject: Boards look great

Hi Don,

I picked up the 4 fabs in balance. They look GREAT. You guys did a really nice job. I'm impressed with how clearly the tiny legending came out. I knew I was cutting it fine, but you see how densely the little 0402s are packed, I didn't have much choice.

Needless to say, I'm quite excited to get the assembled boards. Unfortunately, now we'll have to arrange shipping for those.

Thanks miken
